Simply SUPERB

Stampin’ Up!’s high-quality stamp sets include a variety of images that work together. Two-Step Stampin’® sets such as Cute Fruit allow you to layer images in multiple colours.

These projects use the simple stamping off technique, where you create variations in colour by stamping multiple times without reinking the stamp. See videos about this technique and more at youtube.com/stampinup.

Photopolymer stamps stay adhered to the blocks and are easy to clean. Place stamps on both sides of the clear block for quick stamping.
